Comprehensive Certificate Requirements & Limitations:

- Students must receive a grade of "C" or better in all certificate required courses.
- Individuals interested in pursuing a Medical Assisting certificate will find that all but two courses (CAS 133 and HIM 182) of the BHIA's required courses are either prerequisites or required courses for the MA certificate.
- This certificate is not financial aid eligible.

Notes:

- The above suggested course sequence is aimed at students who are being admitted to the Medical Assisting program.
- Requirements for this certificate will be reviewed during the 2015-2016 academic year. This review may result in significant changes or termination of the certificate in 2016-2017. Please consult your academic advisor or the Nursing and Health Occupations Department for current information on the future certificate status and impact on students.

This form is intended for advising purposes only. See your declared catalog for a complete list of degree requirements.
