### Overview

To complete an assessment of student learning outcomes (SLO), faculty are required to:

- Submit a brief plan at the start of the term that provides the necessary information to prepare the Student Course Evaluations (SCE) and describes how they will assess students' achievement of identified course outcomes; and
- Submit a brief report at the end of the term on their results, analysis, and conclusions.

### Area of Responsibility

Faculty submit documents to the Instructional Services administrative assistant (ISAA) who assembles, distributes, and gathers the results from the Student Course Evaluations. Department deans and department chairs review the content.

### Operating Procedure Details

1. Faculty complete "Part A: Your Plan" and submit by Friday of the 1<sup>st</sup> week of the term.
2. Information provided in "Part A: Your Plan" is used to create Student Course Evaluations (SCE).
  - a. The ISAA prepares the SCEs and sends a link and password for the SCE to each faculty member.
  - b. Faculty may request identification of students who have completed the SCE (student names, however, are not associated with their individual SCE and sent to faculty separately from survey results). Student names will be sent to faculty prior to surveys closing.
  - c. SCE surveys are distributed prior to the end of the course by faculty.
  - d. Surveys close at 11:59 pm on the last day of class. The ISAA provides the SCE results to participating faculty by the close of business on the Friday following the end of the term, after grades are posted.
