Mr. David Griffith, CGCC Foundation Board director and retired local business owner, recognized the burden that the high cost of textbooks places on students who are trying to complete their academic programs at CGCC. To assist students with those costs, he has generously provided funds for eligible students whose financial aid does not cover them.

Complete this application to request funds for required textbooks that you are unable to afford with a combination of financial aid and personal resources. Awards of **up to \$300** will be made to selected students. To be eligible for these awards, students must:

- Have submitted a FAFSA or an ORSAA for this award year
- Have grants and scholarships that are not sufficient to cover tuition, fees, and all required textbooks (the Financial Aid Office will make this determination)

In the space below:

- Indicate the amount you are requesting
- Provide documentation of the cost of the required textbook(s)
- Provide a brief description of your need for these funds
