

2745 – Board of Education Member Self-Evaluation

The Board of Education is committed to assessing its own performance, as a Board of Education, in order to identify its strengths and areas in which it may improve its functioning.

The process for evaluation shall be recommended to and approved by the Board of Education.

If an instrument is used, all Board of Education members will be asked to complete the evaluation instrument and submit them to their Assistant.

A summary of the evaluations will be presented and discussed at a Board of Education session scheduled for that purpose. The results will be used to identify accomplishments in the past year and goals for the following year.
