Presidential Budget Message

April 15, 2022

As required by Oregon State Budget Law, the Oregon Community College Accounting Manual and other applicable policies, we present to the Columbia Gorge Community College (CGCC) Budget Committee and Board of Education our proposed budget for the 2022-23 fiscal year. The college budget for 2022-23 represents a quantitative expression of the mission of CGCC providing for the highest quality of education and training possible while maintaining costs at a reasonable level. There are some challenges impacting the College's fiscal planning:

- Covid-related losses residence hall revenue and our inability to offer the Aviation Maintenance Technician program, as expected.
- Continued fiscal evaluation of The Hook Café, the bookstore and Community Education.
- Increasing cost of commercial goods and services.
- Increases in salaries and wages in order to successfully recruit for key position amidst increased competition in the job market.

In the 2022-23 proposed budget, you will find alignment with our college mission of 'building dreams and transforming lives by providing lifelong educational programs that strengthen our community.' Through innovative restructuring and repurposing of resources, CGCC is well-positioned to continue offering programs and training that serves the needs of local industry partners and students within our service areas, as well as the outlying rural areas.

Achieving financial stability will continue to be a focus through an increase in enrollment and the enhancement of alternate revenue streams that have not been effectively utilized in the past. These are crucial focal points in order to offset the rising costs of unfunded mandates and challenges we are facing, as referenced in the bullets above. This past year, we more than doubled the dollar amount of grants the college had customarily received and have been very strategic in the use of these funds with a focus on recruitment, retention and offsetting some already anticipated expenditures.

This past year we became a residential campus with the completion of the Chinook Residence Hall and began offering two new workforce programs through The Columbia Gorge Regional Skills Center. The final approval of the third program slated to have begun last fall, Aviation Maintenance Technician, has been held up due to staffing at the FAA. Approval is expected any day now and the expectation is to offer it in the fall. You will see this reflected in the budget.

We continue to be confident that the restructuring of the college, staffing changes, focus on opportunities available to us and innovation in programing will bring positive change and growth to the college. Even through a pandemic, we have already been seeing evidence of this. Columbia Gorge Community College is emerging as the premier workforce training institution in the Mid-Columbia region and a soon-to-be destination for out-of-state and international students.

With the support of our community partners, great things continue to happen at CGCC.

Marta Yera Cronin, Ed.D.
