Columbia Gorge Community College 2013-14 Budget Message

Message from the President

In 1977, when the first stage of what would eventually become Columbia Gorge Community College (CGCC) was established as the Wasco Area Education Service District, few people, if any, could have imagined what was in store for us in the next 36 years.

We have matured as a college, and in the last decade began the process of making significant changes to our strategic planning and operational systems, driven in part by our focus on independent accreditation and continuous improvement criteria. We have also been making very tough decisions that in the end have covered the operational costs of the college, and strategically supported our mission.

CGCC is not immune to the financial winds buffeting our state and nation. But, while other colleges in Oregon are in the middle of massive budget exercises; restructuring, and cuts of personnel and resources due to steady declines in the state funding, CGCC rests upon a firm financial foundation. Most of our diverse funding streams (with the notable exception of state funding) are holding their own. We are in this position because we have taken active steps to ensure the financial health of the College, despite wider economic uncertainty. And we have pursued operational efficiencies that are driven by the suggestions of our staff and faculty, which have led to important savings.

It would be easy to bemoan the state's financial climate, but it would not be productive. We choose instead to help ourselves in the ways described above so we can continue to deliver high-quality education services to our students. Managing our financial health to the best of our abilities is critical to ensuring that we meet our obligation to serve our students, businesses, partnerships and state. We will continue to do so in the open and transparent ways that are reflected in this report¹.

Dr. Frank Toda

¹ The proposed budget represents the best estimates of resources and expenditures to provide academic and support services for a broad range of community needs and expectations for community college services.

The budget format corresponds to the statewide classification of "revenue and expense accounting" for Oregon community colleges adopted statewide in 1994 and is prepared in compliance with Oregon Budget Law. The budget plan is subject to change by legislative and/or administrative action. The action of the Budget Committee will set limitations on appropriation levels. The budget process flowchart shows the required steps to meet legal requirements.

Purpose

The purpose message describes the Columbia Gorge Community College (CGCC) Budget Document in terms of important features, the reasons for any major changes from the previous year's approved budget and any major changes in the College's financial policy or status. The Oregon Revised Statutes, Section 294.391, directs the Executive Officer in each municipal corporation to prepare a budget message to accompany the annual budget document. The budget is a financial plan containing estimates of revenues and expenditures for one fiscal year.

The budget reflects a strategic plan that must respond to the changing environment: a living document subject to revision by the Board of Education. This budget supports the assumption that the college will be independently accredited this budget year.

Accreditation standards and core themes serve as the mission alignment mechanism and structure for college planning, budgeting and assessment. The budget includes resources from community, industry, state and federal partners to support instructional programs in concert with local and regional needs. The college prides itself on being a provider of choice for "anytime, anywhere" training and educational services focused on building vibrant communities throughout our service area. With a clear emphasis on teaching, learning and community support, the college continues its focus of "Building Dreams and Transforming Lives." The summary level elements of the CGCC strategic focus are as follows:

Mission: Columbia Gorge Community College builds dreams and transforms lives by providing lifelong educational programs that strengthen our community.

Vision: Become the first option of choice for education and training services in the communities we serve.

Core Values: Respect for the individual, Integrity First, Community Focus, Commitment to Learning, Excellence, and Service

Core Themes:

- Building Dreams (Opportunities)
- Transforming Lives (Education)
- Strengthening our Community (Partnerships)

Key Function Areas:

1. **Educational Programs and Services:** CGCC will deliver quality educational opportunities that foster life-long learning for our communities.
2. **Students:** CGCC will focus on student development services that enhance life-long learning by facilitating access to college programs, supporting and recognizing student progress, providing opportunities for students to participate in the growth

- of the college, celebrating diversity, and promoting achievement of educational goals.
- 3. **Faculty and Staff:** CGCC will employ and develop a qualified faculty and staff and foster a supportive working and learning environment.

 - 9. **Facilities:** CGCC will provide appropriate institutional facilities which support the achievement of the institution's goals.

Education Achievement Compact

Fundamental changes reframed the paradigm of educational goals and distribution of funding. Senate bill 242 redefined the Oregon University System and created the Oregon Higher Education Coordinating Commission to provide planning and coordination of all higher education in Oregon. Higher education was redefined to include OUS, OHSU, Community Colleges and the Oregon Student Access Commission. Senate bill 909 created the Oregon Education Investment Board to oversee a unified K-20 educational system with a single budget. It is expected that additional "investment" in education, including community colleges, will be targeted to improve specific outcomes in order to make gains on the "40-40-20" goal established in Senate bill 253.

To this end, achievement compacts are being instituted between the State of Oregon, as represented by the recently created Oregon Education Investment Board (OEIB), and the governing boards of public education entities and institutions.

Senate bill 1581 requires community college boards to enter into achievement compacts as part of the statutory budget process outlined in ORS Chapter 294. As stated in a handout from Governor Kitzhaber's office, "The intent is to insure that the college's budget committee is taking into account the targets and goals set out in the achievement compact as they discuss and make recommendations related to the budget. It also provides an opportunity for transparency and public comment as the budget is developed. The budget committee's role is to help align a college's budget with its compact, but a budget committee does not have the authority to revise or approve a college's compact."

Key components of the CGCC Achievement Compact

Number of students completing:

1. Adult HS diplomas/GEDs
2. Certificates/Oregon Transfer Modules
3. Associate degrees
4. Transfers to four-year institutions

Are students making progress at the college?

Number (&/or % where indicated) of students:

1. Enrolled Dev. Ed. Writing who complete (%)
2. Enrolled in Dev. Ed. Math who complete (%)
3. Who earn 15/30 college credits in the year (#)
4. Who pass a national licensure exam (#/%)

Are students making connections to and from the college?

3. *Total state and local operating funds*

- **Components of 2013-14 budget must address the outcomes of Achievement Compacts and move the dial on the state's 40-40-20 goals. To address the outcome measure related to completions CGCC has:**
 - Approved the hire of a Retention Specialist whose responsibility it will be to coordinate college-wide retention efforts; and
 - Developed interventions such as institutional awarding of degrees and certificates, mandatory advising in first and second years, Satisfactory Academic Progress (SAP) processes and is currently implementing a degree audit system.
- **CGCC is addressing the outcome measure of students making progress at the college by:**
 - Approving the hire of a full-time developmental faculty in 13-14;
 - Retooling developmental education courses to expedite progression;

- Providing New Student Orientation each term. Pilot mandatory orientation and first-year educational planning in Fall 2013;
 - Implementing a first-year learning community pilot in 2012-2013 with expansion in 2013-2014; and
 - Expanding high school partnerships and providing incentives to attract greater participation in College Now, Expanded Options and Running Start programs.
- **To impact the outcome measure related to connections to and from the college, CGCC:**
 - Continues working with regional high schools to assess and evaluate dual enrollment agreements;
 - Successfully deployed a tuition waiver program for qualified high school students to receive up to two years of tuition at no cost; and
 - Is focused on developing university partnerships to provide dual enrollment opportunities in addition to the partnerships we currently have with seven universities.

We will continue to focus on aligning our budget priorities with our primary goal of student success and strengthening the community that we serve.

Highlights

Payoff of Original debt service-1993

In 1993 the voters invested in the dream that, someday, we would have a real community college that would provide lifelong learning opportunities for the communities we serve. We have delivered, and the payoff of this debt service is a symbol of our commitment to the community.

Bond refunding

As a reflection of our good stewardship, Columbia Gorge Community College continues to look for ways to demonstrate our good value. In this regard, taxpayers in Hood River and Wasco Counties saved a combined total of nearly \$1 million through a bond refinancing completed in March 2012 by CGCC.

Statewide Economic Impact

Related to the college being a good financial steward, a detailed economic impact was conducted for each community college by EMSI (Economic Modeling Specialists International). The major findings included:

1. Students enjoy an attractive 22.1% rate of return on their CGCC educational investment;
2. Over the course of his or her working career, the average CGCC student's lifetime earnings will increase \$8.40 for every dollar invested in their CGCC education;
3. The net added income generated by CGCC operations (\$6.1 million) and the spending of non-local students (\$308,600) contributes a total of \$6.4 million in income to the CGCC service area economy each year;
4. The accumulated credits achieved by former CGCC students over the past 30 years translates to \$36.9 million in added regional income each year due to the higher earnings of students and increased output of businesses; and
5. The total effect of CGCC operations annually on the CGCC service area is \$43.4 million.

Fort Dalles Readiness and CGCC Workforce Center

Construction of the Center began in July with an estimated completion date of January 2014. It will be the only joint training facility of its kind in the country. With the ultimate goal of being a “net zero” energy efficient facility, it is expected to bring recognizable revenue to CGCC in space rental, as well as provide additional classroom space.

Website

The complete redesign of our “Third Campus” demonstrates our commitment to access and education in the 21st century. With added features such as an A-Z index, portal pages, staff/faculty directories and a search engine, students and our constituents can easily navigate our website. Extensive interviews and a campus-wide study by Insite Web Publishing laid the foundation for a user-friendly website that incorporates functional and visual recommendations from students, staff, faculty, business partners and the community. This two-year project is expected to be completed in 2014.

Support to Regional Robotics Competitions

CGCC has supported local interest in robotics clubs for area elementary, middle and high school students in the Columbia Gorge region. We sponsored a Junior First Lego League competition for 7-9 year olds as well as the annual High School Wind Challenge, where local high school teams will research, design, build, test, and compete with a wind-turbine device designed to capture and use the available wind energy to complete the tasks.

Various staff even coached their own robotics teams on their own time.

Google Gravity Games

Our mission statement “Building dreams and transforming lives by providing lifelong education programs that strengthen our community,” is encapsulated in this annual event sponsored by CGCC. Students from local high schools design and construct a soap box derby car that is powered only by gravity and then race them downhill through downtown The Dalles. This unique event is designed to promote the excitement of science, technology, engineering and mathematics (STEM) to students through real-life experience. In coordination with Google, CGCC is building dreams and partnerships in our community.

National Quality Recognition of Three Online Classes

Three of our online courses (English 260 Women Writers, Psychology 202A and Study Skills for College Learning 111A) received national recognition for course design through the Quality Matters Program. In addition, three faculty members received master reviewer certification through the program, which uses a peer-based approach to continuous improvement in online education and student learning.

Gorge Scholars Program

Gorge Scholars is a tuition waiver program available to eligible high school graduates. Eligible students receive full tuition waivers for up to eighteen credits per term, for up to two years. Tuition waivers will be awarded to the first twenty-four (24) students who submit a complete application packet and meet the eligibility requirements. Students must maintain a full-time course load, 3.25 cumulative CGCC GPA, and perform eight (8) hours of community service to maintain eligibility.

Columbia Gorge Regional Center of Innovation (RCI)

The RCI is a programmatic collaboration to align pre-kindergarten through post baccalaureate education, workforce training and industry needs. CGCC's role is as a convener and facilitator of discussions between educational partners, universities, industry, workforce development partners and others. The college may act as the fiscal agent if programmatic funding is awarded. The RCI is being driven by the STEM industry in the Columbia Gorge, and many of the key success measures will be tied to the ability to hire locally for workforce needs. This activity is being supported by Google Corporation, InsituCorporation, many related businesses working through the Gorge Technology Alliance, the Wasco County School District, Hood River School District, Oregon State University, Oregon Technology University, Oregon Health and Science University, University of Oregon, Eastern Oregon University and private sector universities through the Alliance of Oregon

Independent Colleges and Universities (OAI CU). In this regard, we have in place articulation agreements with Linfield College, Marylhurst University, Concordia University, and Portland State University. The goals of RCI at the state level include:

1. Engaging Oregon's P-20 institutions and other partners in ongoing problem solving dialogue leading to a culture of statewide, continuous improvement;
2. Focus, align and measure the value of state resources against models designed specifically to increase student success while decreasing historical gaps in student outcomes; and
3. Transitioning away from institutional silos and isolation of best practices, such that parents, students, teachers and leaders share knowledge, collaborate and build a statewide culture of cooperation rather than competition.

BUDGET STRUCTURE

The college budget structure is organized by fund and by cost center within the General Fund. Funds are grouped according to purpose or source of funds per Oregon Budget Law: General Fund, Special Revenue Funds, Capital Projects Funds, Debt Service Funds, Reserve Funds, Enterprise Funds, Fiduciary Funds, and Student Aid Funds (established to administer Federal, State and local student aid).

General Fund cost centers have been established for financial management and are consistent with State and Federal reporting requirements. Special revenue funds are organized according to function.

- All instructional cost centers and special revenue funds are grouped by the following student full-time equivalency (FTE) categories: General Academic Instruction, Career & Technical Education, Pre-College Programs (Developmental Education), Other Reimbursable (Self-Improvement) and Non-Reimbursable Instruction.
- General Fund budget appropriations are categorized as: Instruction, Academic Support, Student Services, Institutional Support, Financial Aid, Plant Operation and Maintenance, Contingency, Debt Service, and Transfers.
- Special Fund budget appropriations have separate totals for personnel services, materials and services, capital outlay, debt service, and inter-fund transfers.

BUDGET DEVELOPMENT

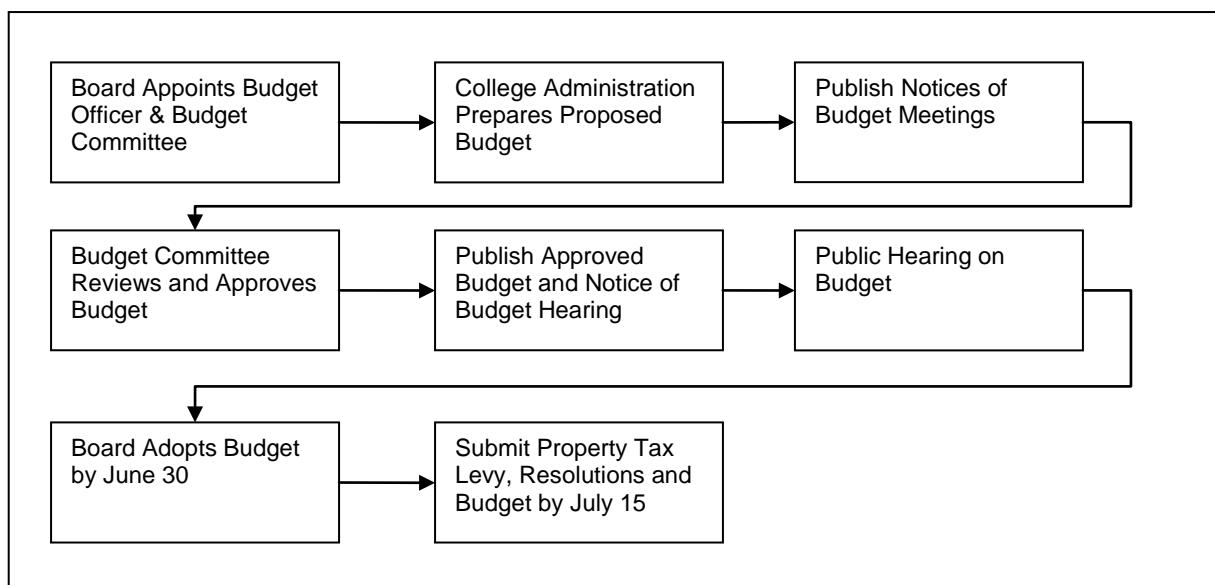

Accreditation standards require the college to demonstrate financial stability with sufficient cash flow and reserves to support its programs and services. Financial planning should reflect available funds, realistic development of financial resources, and appropriate risk management to ensure short-term solvency and anticipate long-term obligations, including payment of future liabilities. To meet the standards and provide

sound financial planning an internal budget projection is developed annually to ensure the college balances its resources and budget requirements to meet its mission and strategic plan.

This year, for the first time in the history of the college, we completed our planning processes prior to the budget process and completed a first cut of the budget build in January. We were then able to make use of our new Charter/budgeting system to review all of the budget line items and documentation reflected in the college Charter system. This transparent process included college wide engagement and a two-day Quality Council review.

Budget principles focus on students; maximize efficiencies in operations and instruction; align the budget with the strategic plan, accreditation standards, and planning processes; and expand resource development through grants, institutional advancement and the Columbia Gorge Community College Foundation.

Budget Process

GENERAL FUND

Revenue

The Community College Support Fund (CCSF) distribution model was used to estimate the amount of State revenue for Columbia Gorge Community College based on the Governor's proposed budget of \$428 million for community colleges for the 2013-15 biennium. Allowances have been made to allow for changes in the State CCSF funding after the budget has been adopted.

In the first year of the biennium, fiscal year 2013-14, CGCC expects to receive five payments totaling \$4,635,986. In the second year of the biennium, fiscal year 2014-15, CGCC is estimated to receive three payments projected to be \$2,820,374. The payment deferrals enacted by the 2003 Oregon State Legislature are expected to continue in future years. In 2013-14, State revenue represents approximately 47.7 percent of General Fund revenue and is projected to be 28.1 percent in 2014-15 due to the State's payment cycle.

Property tax revenue is estimated to increase by 5% as estimated by the Oregon Department of Revenue with a 93.1% collection rate and include current and prior years' taxes for Hood River and Wasco Counties. Other taxes budgeted are payments in lieu of property taxes to Wasco County. Property taxes represent 10.9 percent of General Fund revenue.

The tuition budget is dependent on the tuition rate, credit and non-credit enrollment and the level of write-offs. Tuition and fee revenues are budgeted on enrollment projections and adopted tuition rates. Enrollment for 2013-14 is projected to remain steady from the 2012-13 enrollment level. The College Board of Education approved tuition at the same rates as last year; \$89 per credit effective summer term 2013. Tuition and fees are grouped in three categories of tuition, instructional fees, and special fees and represent 38.6 percent of General Fund revenue.

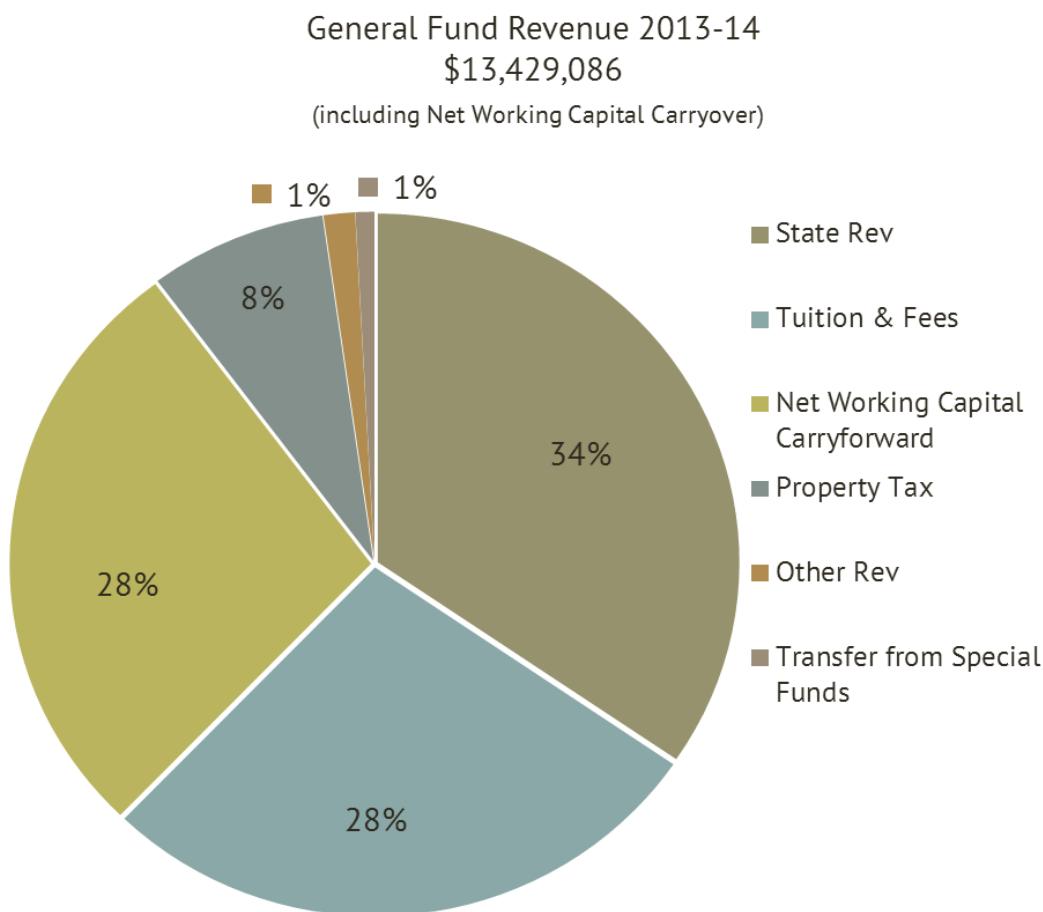

Other revenue sources include indirect cost recovery revenue, interest, unrestricted and restricted gifts and other income, and represents 1.5 percent of General Fund revenue. The college estimates total gifts of \$50,000, from health care partners designated to support nursing and nursing assistant programs. The college estimates total gifts of \$50,000, from RET partners designated to the RET programs and equipment for the Workforce Center.

The following schedule lists estimated sources of indirect cost recovery revenue.

Sources of Indirect Cost Recovery Revenue	FY 2013-14
Pathways Initiative State-Wide Director Grant	\$20,800
US DOL CASE GRANT -US DOL TAACCT GRANT	9,007
Pathways Initiative Projects and Technical Assistance Grant	5,218
Oregon Child Care Division	3,304
Career Pathways Innovation Grant	2,002
Total Indirect Cost Recovery Revenue	\$40,331

Sales and services revenue include library services, rental and vending and represents 0.1 percent of General Fund revenue.

The following chart summarizes the sources of General Fund revenue.

Transfers In

Transfers from Special Funds are estimated to be \$113,632 and depend on the financial results of special fund activities. The largest transfer to the General Fund is from the Building Lease Fund in the amount of \$104,750. The following schedule of inter-fund transfers lists the budgeted transfers to the General Fund from Special Funds. Transfers from Special Funds represent 1.2 percent of General Fund revenue.

Transfers to General Fund from Special Funds	FY 2013-14
Building Lease Fund	\$104,750
Food Service	\$7,378
Fundamentals of Care-giving Fund	1,500

Total Transfers to General Fund from Special Funds	\$113,632

Expenses

The proposed General Fund budget is allocated by function. Instruction accounts for 30.7 percent of the budget. Institutional support accounts for 27.1 percent of the budget. Student Services accounts for 9.6 percent of the budget. Plant Operations and Maintenance accounts for 8.3 percent of the budget. Academic Support accounts for 8.2 percent of the budget. Student financial aid accounts for 0.6 percent of the budget. Debt Service accounts for .9 percent of the budget. Transfers to Special Funds accounts for 8.3 percent of the budget.

The contingency budget of \$750,000 represents 5.8 percent of total expenditures as compared to the prior year's percent of adjusted budget of 3.4 percent as of April 15, 2013. The contingency budget accounts for the uncertainty in the level of State appropriations, pending payroll benefit cost increases and other unanticipated expenditures or revenue shortfalls.

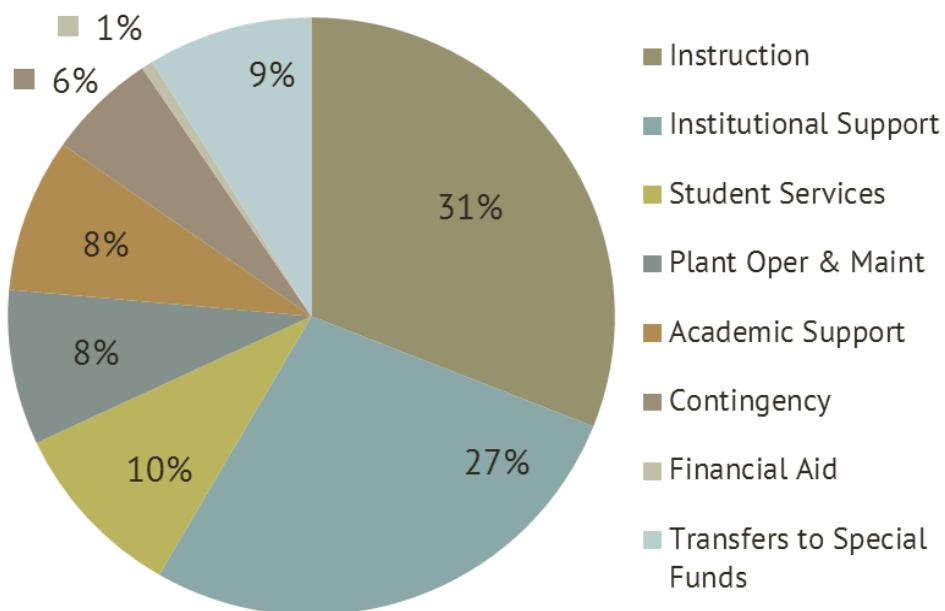

The following table shows the allocation of expenses for the college by functional classification for the 2013-14 proposed budget as compared to the 2012-13 adjusted budget as of April 15, 2013.

Wage, Salary, and Employer Payroll Expense Factors

Personnel expenses account for 66.9 percent of the General Fund budget and 42.6 percent of all funds. Personnel expenses include wages and salaries and associated employer payroll taxes, expenses and benefits.

Collective bargaining agreements (CBA) set wage and salary placements and amounts for represented employees. The two-year faculty CBA renewed July 1, 2012. Budget estimates are based on current full-time or part-time faculty salary schedules that include a 6% salary step movement for calendar year 2013. The three-year classified CBA renewed July 1, 2012. Budget estimates are based on classified position placement and projected step movement during the year.

Administrative and confidential employees' salaries are based on the salary schedule approved by the CGCC Board of Education on January, 2013 and are projected to receive step increases in 2013-14, if eligible.

The budget document details other payroll expenses within each cost center or special fund. Social security taxes include 6.2% FICA and 1.45% Medicare tax. Workers

compensation premiums are estimated to be 3.9% of wages for custodial and maintenance employees and 0.47% of wages for all other employees based on the current year's premiums. The State Workers Benefit Fund Assessment to employers is based on the current rate of 1.65 cents per hour worked. Unemployment insurance tax is estimated to be 2.3% of wages up to \$34,100 per year based on the current 2013 rate.

The Oregon Public Employees Retirement System (PERS) employer contribution rates are set every two years based on actuarial valuations. The PERS employer rates for 2013-15, effective July 1, 2013 through June 30, 2015, are based on the December 31, 2011 valuations. The PERS rate applied to Tier 1 and Tier 2 members is 21.03% of wages which is the total of the payment to PERS of 15.42% plus the 5.61% rate credit that funds the debt service of the pension bonds. The Tier 1 and Tier 2 rate for the upcoming biennium added 4.76% to the current rate of 16.27%, which represented a 29% increase. The Oregon Public Services Retirement Plan (OPSRP) rate is 19.13% of wages which is the total of the payment to PERS of 13.52% plus the 5.61% rate credit that funds the debt service of the pension bonds. The OPSRP rate for the upcoming biennium added 4.52% to the current total rate of 14.61%, a 31% increase.

The following table shows the current CGCC employer rate history since January 1, 2004 when PERS legislative reforms took effect creating OPSRP. Rates are expected to increase in subsequent years. The PERS employer contributions represent approximately 30% of the total cost for other payroll expenses. These rates do not include the mandatory 6 percent employee contribution for eligible employees.

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

The primary mission of the Columbia Gateway Urban Renewal Agency, through the Cooperation Agreement with the City of The Dalles, is the enhancement of public and private properties increasing the likelihood of investments in the City. Property rehabilitation is accomplished primarily by providing matching monies to enhance property within the Urban Renewal area. Revenues consist of property taxes, interest income, sale of surplus properties, and loan/bond proceeds. Property taxes are first used for debt service requirements. Administrative and engineering services are purchased from the City of The Dalles. There are no prominent changes in the operations from the prior year. Major projects funded in this budget include the Washington Street Plaza and Railroad Underpass, the 1st Street Streetscape, and the Granada Block development and downtown parking project.
