UPCOMING CONFERENCES IN OREGON

Polk County's Annual **Early Childhood and Early Elementary Educators Conference, Bridges to the Future.**

The goal of the Bridges to the Future: Connecting Early Learning to Kindergarten event is to support early elementary school teachers and staff, and early learning professionals; particularly those with children between the ages of zero to eight, by providing an opportunity to learn and to advance the educational and transition opportunities for the children they teach. Sessions will be offered in both English and Spanish with some interpretive services.

Introducing New Staff

JOIN US IN WELCOMING...

Holly King, our new Inclusive Partners Specialist !

Hello everyone, I am Holly King. I have recently joined the Child Care Partners team as the Inclusive Partners Specialists. I am very excited to get to meet our child care providers and provide support for Universal Design and Inclusive practices in your setting!

I have worked in the early childhood field for about 12 years in many different roles such as: A Floater, Lead Infant Teacher, Instructional Assistant in various inclusive preschool classrooms, a nanny, Lead Teacher in an inclusive preschool classroom and as a paraprofessional in a Kindergarten special education classroom.

I love working in this field and especially have a heart working with children with diverse needs, every child deserves to feel belonged!

In my free time I love to be out in nature. If I am not hiking/backpacking then you will find me caring for my many houseplants, caring for my Cavachon puppy, playing music (bass guitar/piano/violin) or in the kitchen baking!

Please feel free to reach out to me with supports you may need making sure your environment is inclusive. I look forward to working with you!
