perso down succe going week? under	emic success is an ongoing process for most students. Study skills, time management, academic expectations and nal issues can impact your ability to be successful in the classroom. This action plan is designed for you to sit with your academic advisor and identify areas that you need help with and then devise steps to help you become ssful and advance towards your degree. Before meeting with your academic advisor, take time to reflect what is on with your academics. Are you having trouble managing your time? Are you working more than 20 hours a Po you have additional responsibilities? Are you struggling to read the materials, or take notes in class? Do you stand what the academic expectations are for your course(s)? Are you having difficulty in one class or several s? List what you are struggling with and then, in conversation with your academic advisor, develop steps towards goal.
Below	are additional areas to think about regarding your academic success.
l.	CLASS ENROLLMENT/ASSIGNMENTS I plan to attend all of my classes I plan to complete all classroom assignments and submit them on time I plan to meet with my professors when I have questions about the class I understand what is expected of me in the classroom.
II.	ACADEMIC ADVISING  I plan to meet with my academic advisor to review my academic progress and to strategize about ways to continue being successful.  Advisor:  Date(s):
III.	Time: TUTORING I am aware of tutoring services offered on both campuses and online, and I plan to use them for the following course(s):
