

HOOD RIVER CENTER

Built in 2008, HVAC and other building systems are due for major efficiency updates

CAMPUS-WIDE

Network infrastructure upgrades to elevate support for hybrid learning

Security Camera replacement & Building Access Control upgrades to enhance campus security & safety

Wayfinding & Accessibility upgrades, ADA pedestrian pathways

COMMUNITY SPACES

Existing interior and exterior spaces can better meet the needs of our students and community with some thoughtful redesign and remodeling.

The Hood River Center was built with the idea that it would need expanded lab facilities to meet growth in health & sciences programs. Recent history and forecasts predict continued interest in these programs, so now is the right time to finish the development.

HEALTH & SCIENCE EXPANSION
