Outcome #1 Method to assess student understanding *

Identify learning style and apply preferred learning style.

A variety of assessments are used to measure whether students achieve this learning outcome. Students take an assessment to determine their learning style, then indicate their learning style in the course. They complete a journal entry that describes their learning style and apply their learning style to a discussion question regarding how they study for a test.

Student understanding of their learning style is assessed throughout the remainder of the course, as they apply their learning style to appropriate note taking, test taking and memory strategies. They complete a culminating project that addresses the application of their learning style to all study techniques covered in the course.

Outcome #2 Method to assess student understanding * Use effective textbook reading techniques.

Students submit written work demonstrating their ability to complete the 9 steps required for effective textbook reading.

Outcome #3 Method to assess student understanding * Utilize library resources for information and research.

Students must complete a scavenger hunt identifying the resources offered by CGCC library, including examples of academically sound resources. They complete a quiz demonstrating their ability to reference various resources MLA style and APA style.

4. How will you know if you were successful in your efforts to teach this outcome? I expect 100% of students to earn a B or better on the assessments.
