NUR 90 Nursing Assistant 1 – Karren Middleton – Winter 2016

Results

1a. Report the outcome achievement data gathered via the assignments, test, etc. you identified in question 3 of your Part A. *

Of the eight students registered this term, all eight demonstrated understanding of tasks learned in class. Showing proficiency in providing client care physically and psychologically both return demo in the lab and again in clinicals. Shown by a skills check off list for each student.

1b. Report the percentage of students who mastered each outcome that you identified in question 3 of your Part A.

100%

Outcome #1 *

% of students who successfully achieved the outcome: *

100%

Outcome #2 *

% of students who successfully achieved the outcome: *

100%

Outcome #3 *

% of students who successfully achieved the outcome: *

See Analysis

Reflect on your assessment results and provide analysis, considering what contributes to student success and/or lack of success. Include feedback from student course evaluations as appropriate. *

At this time, the students from this term have not tested yet, and the earliest test date is on 4/8/2016. However, the current Pass/Fail report on the website from the previous terms show students who have tested between January 1,2016 and 3/28/2016 have a current written test pass rate of 75%, a skills pass rate of 91% and a combined overall average of 82%

Based on your analysis in the questions above, what course adjustments are warranted (curricular, pedagogical, etc.)? *

I feel like the skills check list is an appropriate measurement for outcomes #1 and #2. I do not plan to make any changes to the curriculum at this time.

What resources would be required to implement your recommended course adjustments (materials, training, equipment, etc.)? What Budget implications result? *

No changes planned at this time.

Were your assessment methods accurate indicators of student learning? Why or why not? Any additional comments?

I think that they were accurate.

(OPTIONAL) Reflect on any adjustments you made from the last assessment of this course and their effectiveness in student achievement of outcomes?

N/A this is my first assessment.
