3. What contributed to student success and/or lack of success? *

4. Helping students to realistically self-assess and reflect on their understanding and progress encourages students to take responsibility for their own learning. Consider comparing your students' perception of their end-of-term understanding/mastery of the three outcomes (found in student evaluations) to your assessment (above) of student achievement of the three outcomes. *	My students understanding of material improved based on the feedback questionnaire.
---	---

5. Did student achievement of outcomes meet your expectations for successfully teaching to each outcome (question 4 from Part A) *	yes.
--	------

6. Based on your analysis in the questions above, what course adjustments are warranted (curricular, pedagogical, student instruction, etc.)? *	I plan to keep the course the same.
---	-------------------------------------

7. What resources would be required to implement your recommended course adjustments (materials, training, equipment, etc.)? What Budget implications result? * No resources will be needed

8. Were your assessment methods accurate indicators of student learning? Why or why not? Any additional comments? * Yes.

(OPTIONAL) Reflect on any adjustments you made from the last assessment of this course and their effectiveness in student achievement of outcomes?
