Please select your course & name from the list. Contact Instructional Services if your course or name are incorrect or missing

BI 232 – Human Anatomy &amp; Physiology II – Ropek – Winter 2017

Part A: Your Plan

**Directions**

1. Choose three of your course outcomes to assess and report on this term (these will also be used in your Student Course Evaluation survey):

2. Apply concepts and knowledge of general terminology, cell structure and function, gross anatomy, physiology, histology and terminology related to nervous, cardiovascular, and lymphatic and immune systems toward clinical problem solving.

Outcome #1 \*

Outcome #2 \*

3. Critically evaluate health articles and medical journals related to anatomy and physiology and examine the contexts of public health and broader social issues.

Outcome #3 \*

4. Use correct terminology to communicate anatomical features and physiological processes.

Have you completed an assessment for this course prior to this term?

Yes

If yes, are you assessing different outcomes?

Yes

Comments:

Have you completed an assessment for this course prior to this term?

Not this year.

If yes, are you assessing different outcomes?

Not sure!

2. To which degree, certificate or program outcomes do these course outcomes map?  
[Degree, Certificate, & Program Outcomes](#)

- Not Sure

Method of Assessment

Written exam questions requiring knowledge and awareness of terms and concepts in relation to clinical problem solving.

3. What methods will be used to assess individual student understanding of each of these outcomes? (Please be specific.)

Outcome #1: Method to assess student understanding \*

Outcome #2: Method to assess student understanding \*

An assignment requiring students to read and critically evaluate a scientific paper with instructor supplied questions.

**Outcome #3: Method to assess student understanding \***

Terminology is evaluated via written exams.

**4. How will you know if you were successful in your efforts to teach this outcome?**

75% of students will achieve cumulative exams scores of 70% or higher.

**Outcome #1: \***

**Outcome #2: How will you know if you were successful in your efforts to teach this outcome? \***

75% of students will achieve a score of 70% or higher on the assignment.

**Outcome #3: How will you know if you were successful in your efforts to teach this outcome? \***

75% of students will achieve cumulative exams scores of 70% or higher.

**5. Instructor Questions**

Did the instructor provide a satisfactory learning experience and environment ?

Create two course specific questions to be included on the Student Course Evaluation.

#1

#2

Did you feel that the course material was organized and presented in the appropriate depth and detail?

**Do you require the names of students who complete the course evaluation survey? \***

- No
