[Degree, Certificate, & Program Outcomes](#)

- Not Sure

Method of Assessment

Performance tests involving planning creating and modifying data, using tools available in spreadsheet programs

3. What methods will be used to assess individual student understanding of each of these outcomes? (Please be specific.)

Outcome #1: Method to assess student understanding *

Outcome #2: Method to assess student understanding *

Performance tests involving planning creating and modifying data, using tools available in spreadsheet programs

Outcome #3: Method to assess student understanding *

Performance tests involving planning creating and modifying data, using tools available in spreadsheet programs

4. How will you know if you were successful in your efforts to teach this outcome?

80% of class receives grade of 70% or better on performance final exam

Outcome #1: *

Outcome #2: How will you know if you were

80% of class receives grade of 70% or better on performance final exam

successful in your efforts to teach this outcome? *

Outcome #3: How will you know if you were successful in your efforts to teach this outcome? * 80% of class receives grade of 70% or better on performance final exam

5. Instructor Questions

Did CAS 270 improve your ability to apply spread sheets to your academic or work related life?

Create two course specific questions to be included on the Student Course Evaluation.

#1

#2

Do you think your grade would be improved by the addition of video lectures based on the available power point notes or written instructor comments?

Do you require the names of students who complete the course evaluation survey? *

- Yes
