Please select your course & name from the list. Contact Instructional Services if your course or name are incorrect or missing

CIS 120 – Computer Concepts 1 – Jordan – Fall 2016

Part A: Your Plan  
[Directions](#)

1. Choose three of your course outcomes to assess and report on this term (these will also be used in your Student Course Evaluation survey):

Identify and analyze computer hardware, software and network components to manage and change operating system settings, install and remove software and hardware and to make intelligent purchase decision.

Outcome #1 \*

Outcome #2 \*

Apply systems development, word-processing, spreadsheet and presentation software techniques to solve basic information systems problems.

Outcome #3 \*

Design a web page using HTML software

Have you completed an assessment for this course prior to this term?

No

If yes, are you assessing different outcomes? Yes

Comments:

2. To which degree, certificate or program outcomes do these course outcomes map?  
[Degree, Certificate, & Program Outcomes](#)

- AAOT (Associate of Arts Oregon Transfer)
- AS-CS (Associate of Science: Computer Science)

Method of Assessment

Quizzes, Problem Solving Journals, and Discussion Forums.

3. What methods will be used to assess individual student understanding of each of these outcomes? (Please be specific.)

Outcome #1: Method to assess student understanding \*

Outcome #2: Method to assess student understanding \*

Quizzes, Problem Solving Journals, and Discussion Forums.

Outcome #3: Method to assess student understanding \*

HTML project including midterm and final

4. How will you know if you were successful in your efforts to teach this outcome?

If students complete at least 80% of these Assessments with a grade of C or higher.

Outcome #1: \*

Outcome #2: How will you know if you were successful in your efforts to teach this

If students complete at least 80% of these Assessments with a grade of C or higher.

outcome? \*

Outcome #3: How will you know if you were successful in your efforts to teach this outcome? \*

Successful completion of an HTML web page that meets at least 80% of the criteria for the final project

5. Instructor Questions

What did you learn in CIS 120 that was most useful to you?

Create two course specific questions to be included on the Student Course Evaluation.

#1

#2

What can be done to improve this course in the future?

Do you require the names of students who complete the course evaluation survey? \*

- No
