HE 262 – Children's Health, Nutrition, &amp; Safety – Ronda Hull – Winter 2017

## Part B: Your Results

### Directions

1. Report the outcome achievement data gathered via the assignments, tests, etc. you identified for each outcome (question 3) of your Part A. \*

85% or higher of the students completed required assignments designated for the Early Childhood Degree Portfolio.

### Outcome #1 \*

Students recognized current significant children's health issues

% of students who successfully achieved the outcome (C or above) \*

85%

### Outcome #2 \*

Students analyzed societal and environmental influences on children's health

% of students who successfully achieved the outcome (C or above) \*

8%%

### Outcome #3 \*

Students promoted healthy choices among young children and their environments

% of students who successfully achieved the outcome (C or above) \*

85%

## ANALYSIS

Student attendance

3. What contributed to student success and/or lack of success? \*

4. Helping students to realistically self-assess and reflect on their understanding and progress encourages students to take responsibility for their own learning. Consider comparing your students' perception of their end-of-term understanding/mastery of the three outcomes (found in student evaluations) to your assessment (above) of student achievement of the three outcomes. \*

Forums  
Study buddy system  
Reflective writings

5. Did student achievement of outcomes meet your expectations for successfully teaching to each outcome (question 4 from Part A) \*

Yes

6. Based on your analysis in the questions above, what course adjustments are

Students need more pre college knowledge for the understanding of their accountability of their work expectation.

warranted (curricular, pedagogical, student instruction, etc.)? \*

7. What resources would be required to implement your recommended course adjustments (materials, training, equipment, etc.)? What Budget implications result? \*

Use of computer lab  
Field Trips  
DVD

8. Were your assessment methods accurate indicators of student learning? Why or why not? Any additional comments? \*

Yes. Students were able to use a variety of leaning modalities.

(OPTIONAL) Reflect on any adjustments you made from the last assessment of this course and their effectiveness in student achievement of outcomes?
