Please select your course & name from the drop-down menu. Contact Instructional Services if your course or name are incorrect or missing

NUR 90 – Nursing Assistant 1 – Karren Hanson – Spring 2017

Part A: Your Plan
[Directions](#)

Apply basic physiological and psychological care to clients.

1. Choose three of your course outcomes to assess and report on this term (these will also be used in your Student Course Evaluation survey):

Outcome #1 *

Outcome #2 *

Be prepared to take the Oregon Nursing Assistant Exam for certification.

Outcome #3 *

Apply OSHA and client safety standards and use proper infection control methods in client care situations.

Have you completed an assessment for this course prior to this term?

Yes

If yes, are you assessing different outcomes?

Yes

Comments:

one of my assessment for last time was that students would pass thier OSBN exam; but, that was not a criteria I was able to use as thier exams came weeks after Part B was due (end of term)

2. To which degree, certificate or program outcomes do these course outcomes map?
[Degree, Certificate, & Program Outcomes](#)

- Nursing Assistant I

Method of Assessment

Demonstration; as evidenced by student interaction in a clinical setting with patients – skills check list items
 – communication and interpersonal skills
 – person centered care

3. What methods will be used to assess individual student understanding of each of these outcomes? (Please be specific.)

Outcome #1: Method to assess student understanding *

Outcome #2: Method to assess student understanding *

Students will pass their exam with score of 75% or better

Outcome #3: Method to assess student understanding *

Demonstrate knowledge of OSHA safety and client safety and infection control in client setting as evidenced by Skills check list – Wash hands/hand hygiene
 –Handle linen
 –Infection Control and standard or transmission based precaution
 –Put on and remove personal protective equipment

4. How will you know if you were successful in your efforts to teach this outcome? 90% of students will complete these tasks on their skill check off sheet

Outcome #1: *

Outcome #2: How will you know if you were successful in your efforts to teach this outcome? * 90% of students will pass the class with 75% or better score on final exam

Outcome #3: How will you know if you were successful in your efforts to teach this outcome? * 90% of students will complete these tasks on their skill check off sheet

5. Instructor Questions: Create two course specific questions to be included on the Student Course Evaluation.
Question #1 Do you feel prepared to take care of clients safely in a long term care setting?

Question #2 Do you feel prepared to take and Pass the Oregon State Board of Nursing CNA exam?

Do you require the names of students who complete the course evaluation survey? * • No
