

# Course Assessment – Part A: Your Plan

#221

Your Email \*

Please select your course & name from the drop-down menu. Contact Instructional Services if your course or name are incorrect or missing

MTH 95 – Intermediate Algebra – 1091558 – Morse – Summer 2017

Part A: Your Plan  
[Directions](#)

Formulate and solve problems in one or more variables using linear models.

1. Choose three of your course outcomes to assess and report on this term (these will also be used in your Student Course Evaluation survey):

Outcome #1 \*

Outcome #2 \*

Communicate results mathematically and in writing.

Outcome #3 \*

Recognize the graph of a function and use function notation.

Have you completed an assessment for this course prior to this term?

Yes

If yes, are you assessing different outcomes? Yes

Comments:

One of my outcomes, Number 2 is different.

2. To which degree(s) or certificate(s) does your course map?

[Degree, Certificate, & Program Outcomes](#)

- TRANSFER AND GENERAL DEGREES
- AAOT (Associate of Arts Oregon Transfer)

Method of Assessment

Students will be given quizzes and tests and assignments. Some of the assessments will include reading graphs for answers and creating and solving linear models from word problems.

3. What methods will be used to assess individual student understanding of each of these outcomes? (Please be specific.)

Outcome #1: Method to assess student understanding \*

Outcome #2: Method to assess student understanding \*

Students will be given several math journal questions. They will also need to communicate results in writing on all word problems.

Outcome #3: Method to assess student understanding \*

Students will demonstrate knowledge of graphs and the use of appropriate notation by assignments, quizzes and tests.

4. How will you know if you were successful in your efforts to teach this outcome?

80% of the students will be able to score 80% or higher on assessments via quizzes, homework, and exams.

Outcome #1: \*

Outcome #2: How will you know if you were successful in your efforts to teach this

80% of the students will answer word problems with complete English sentences by the end of the term.

outcome? \*

---

Outcome #3: How will you know if you were successful in your efforts to teach this outcome? \* 75% of the class will score 75% or higher on the quizzes and exam 1 which deals heavily with this cog.

---

5. Instructor Questions: Create two course specific questions to be included on the Student Course Evaluation.  
Question #1

---

Question #2

Do you require the names of students who complete the course evaluation survey? \* • No
