EMS 105 – EMT Part 1 – 1092974 – Tessie Adams – Fall 2018

Part A: Your Plan
[Directions](#)

Identify and use equipment needed to assess and care for the sick or injured patient at a novice EMT level.

1. Choose three of your course outcomes to assess and report on this term (these will also be used in your Student Course Evaluation survey):

Outcome #1 *

Outcome #2 *

Assess patients at a novice EMT level.

Outcome #3 *

Perform appropriate interventions at a novice EMT level that may be needed to help the sick or injured patient based on information collected.

Have you completed an assessment for this course prior to this term?

No

If yes, are you assessing different outcomes?

No

Comments:

2. To which degree(s) or certificate(s) does your course map?
[Degree, Certificate, & Program Outcomes](#)

- Not Sure
- TRANSFER AND GENERAL DEGREES
- Associate of Science

Method of Assessment

Outcome #1 will be assessed via written and practical exams.

3. What methods will be used to assess individual student understanding of each of these outcomes? (Please be specific.)

Outcome #1: Method to assess student understanding *

Outcome #2: Method to assess student understanding *

Outcome #2 will be assessed via written and practical exams.

Outcome #3: Method to assess student understanding *

Outcome #3 will be assessed via written and practical exams.

4. How will you know if you were successful in your efforts to teach this outcome?

Students will successfully demonstrate the ability to identify and use equipment needed to assess and care for the sick or injured patient at a novice EMT level.

Outcome #1: *

Outcome #2: How will you know if you were successful in your efforts to teach this outcome? * Students will successfully demonstrate the ability to assess patients at a novice EMT level.

Outcome #3: How will you know if you were successful in your efforts to teach this outcome? * Students will successfully demonstrate the ability to perform appropriate interventions at a novice EMT level that may be needed to help the sick or injured patient based on information collected.

5. Instructor Questions: Create two course specific questions to be included on the Student Course Evaluation. Question #1 Do you feel the lab time was adequate to prepare you for the end of term exams.

Question #2 Do you feel that the optional online format of the class was a beneficial addition to the learning environment of the classroom?

Do you require the names of students who complete the course evaluation survey? (Please note: names will be sent to instructors the Thursday before term ends) NO

Reminder, when completing Part B, instructors will be asked the following questions:
 1. Describe anything you did to support the institutional effort to support students in improving "Sources and Evidence" and/or "Organization and Presentation" for the CLO Communication
 2. Describe anything you did to support the institutional effort to support students in improving "Student Position" and/or "Evaluate Potential Solutions" for the CLO Critical Thinking/Problem Solving
