## Career Description

For students not yet working in the field, it is recommended that this certificate be taken alongside or immediately after completing the ECE Fundamentals certificate. Upon completion of both certificates, students will be qualified for teaching positions in private licensed child care programs. Early childhood professionals currently working in the field as home visitors, assistants, or teachers can apply this coursework towards their required professional development hours and to progress up the Oregon Registry Steps.

## Course of Study

The ECE Fundamentals certificate is designed to build upon the fundamentals of ECE and provide additional knowledge and skills for creating and implementing a high-quality curriculum and an inclusive classroom culture for children birth through age eight.

The certificate addresses all six of the Professional Standards and Competencies for Early Childhood Educators, with an emphasis on child development and learning in context (Standard 1), teaching practices that are developmentally, culturally, and linguistically appropriate (Standard 4), and the integration of academic content in the early childhood curriculum (Standard 5).

The certificate runs three consecutive terms, fall through spring. It is designed for part-time students but can be combined with additional ECE coursework to achieve full-time enrollment status. All certificate courses may be applied towards the Early Childhood Education AAS degree.

## Practicum Requirements:

To be considered for practicum, students must:

- 1) Be enrolled in the Oregon Child Care Division, Central Background Registry
- 2) Submit verification of measles immunization
- 3) Submit verification of TB Skin Test
- 4) Complete a Food Handler's Certificate
- 5) Submit a copy of your current Infant/Child First Aid/CPR Card
- 6) Complete Recognizing and Reporting Child Care and Abuse (RRCAN)
- 7) Complete Introduction to Child Care Health and Safety (ICCHS)
- 8) Complete Safe Sleep for Oregon's Infants (SS)
- 9) Complete Prevention is Better Than Treatment (PBTT)

Costs associated with required practicum documentation are the sole responsibility of the student.
