Please select your course and name from the drop-down menu.

PSY201Z-Introduction to Psychology I-Zip Krummel- Part A-Winter 2026

Part A: Your Plan

Directions

1. Choose three of your course outcomes to assess and report on this term (these will also be used in you Student Course Evaluation survey):

Outcome #1

1. Identify psychological, biological, and other factors that influence behavior and mental processes.

Outcome #2

3. Evaluate claims about psychological phenomena and human behavior through the use of empirical evidence and knowledge of the scientific method.

Outcome #3

4. Demonstrate knowledge about the ways psychological science and practices are contextualized by ethical standards and sociocultural factors.

Have you completed an assessment for this course prior to this term?

Yes

Are you assessing different outcomes?

Yes

Degree, Certificate or Programs Outcomes

2. To which degree(s) or certificate(s) does your course map?

General Education

Associate of Applied Science - Nursing (OCNE)

Method of Assessment

3. What methods will be used to assess individual student understanding of each of these outcomes? (Please be specific)

Outcome #1: Method to assess student understanding

Forums, reflections, observations, research paper

Outcome #2: Method to assess student understanding

Forums, reflections, observations, research pap

Outcome #3: Method to assess student understanding

Forums, reflections, observations, research pap

4. How will you know if you were successful in your efforts to teach this outcome?

Outcome #1: How will you know if you were successful in your efforts to teach this outcome?

Given a situation/scenario, students will identify as many factors as they can that influence behaviors and thinking.

Outcome #2: How will you know if you were successful in your efforts to teach this outcome?

Given a situation/scenario, students will identify as many factors as they can that influence behaviors and thinking.

Outcome #3: How will you know if you were successful in your efforts to teach this outcome?

Given a situation/scenario, students will identify as many factors as they can that influence behaviors and thinking.

5. Instructor Questions: Create two course specific questions to be included on the Student Course Evaluation.

Instructor Question #1

Would you take another Psych course, if you could?

Instructor Question #2

What was the single most positive aspect of this class/course?

Do you require the names of students who completed the course evaluation survey?

YES

ILO Connection:

Reminder, when completing Part B, instructors will be asked the following questions:

Describe anything you did to assist the institutional effort to support students in improving achievement of the specified criteria for the following Institutional Learning Outcomes (ILO):

1. ILO#1 - Communication - "Content Development" and/or "Control of Syntax and Mechanics"
2. ILO#2 - Critical Thinking/Problem Solving - "Evidence" and/or "identify strategies"
3. ILO#4 - Intercultural Knowledge and Competence - "Openness" (Encouraging our students to "Initiate and develop interactions with culturally different others")
4. ILO#5 - Community and Environmental Responsibility
5. ILO#3 - Quantitative Literacy - "Assumptions"
