

CGCC COLLEGE NOW MIDTERM OBSERVATION FORM

please submit completed form to collegenow@cgcc.edu

College Now Instructor: _____ Date: _____

High School: _____

College Now Course: _____ Start/End Dates: _____

CGCC Faculty Mentor: _____

I reviewed the College Now course progress on the date noted above, and have completed the evaluation according to the rubric included here. I affirm that:

- The curriculum, pedagogical, theoretical and philosophical approach in this College Now course is consistent with the college course at CGCC, and that College Now students are held to the same assessment methods and grading standards as those expected in on-campus sections.
- The course is not substantially the same. Follow-up recommendations are listed below. A follow-up visit and/or meeting should occur within and issues should be discussed and understood (if not remedied) before the class can be offered again for College Now.

Use this space to offer suggestions for remediation if course does not align substantially to a similar course offered at the campus:
