

**INSTRUCTIONS:** As part of the Oregon Pathways project, each college has agreed to collect, calculate and report data annually on student progression using a limited set of one-year key performance indicators, or KPIs. For the next report, due to OSSC by December 31, 2020, we are asking all colleges to report one-year KPIs for the fall 2010 through fall 2019 FTEIC (first-time-ever-in-college) student cohorts. This includes the same set of KPIs requested in previous years plus the most recent academic year, 2018-2019. Include the college's previous submission of KPI data (Fall 2010-2018), which may be copied and pasted into the template unless there are any corrections. This report also contains one additional data request:

1. For all fall FTEIC cohorts (fall 2010 through fall 2019), please disaggregate selected KPIs by student race/ethnicity using the template in worksheet 'Input, KPIs Disaggregated'.

Definitions of the cohorts, KPIs and completion variables are provided below.

**Colleges should use the "Input" worksheets to populate the spreadsheet by filling in the green cells. Submit the completed workbook to Elizabeth Cox Brand, OSSC, ([elizabeth@occa17.com](mailto:elizabeth@occa17.com)) by**

Cohort	Definition
Fall FTEIC Cohort	First-time-ever-in-college students (no prior college enrollments at this or other institutions, including both full- and part-time students but excluding current and past high school dual enrollment students.
KPI	Definition
Earned 9+ college credits in 1 <sup>st</sup> term	Number and % of fall cohort students who earned 6 or more college-level (i.e., non-developmental) credits (with grade A-C or P) in first term
Earned 12+ college credits in 1 <sup>st</sup> term	Number and % of fall cohort students who earned 12 or more college-level (i.e., non-developmental) credits (with grade A-C or P) in first term
Earned 36+ college credits in year 1	Number and % of fall cohort students who earned 15 or more college-level (i.e., non-developmental) credits (with grade A-C or P) in first full academic year
Earned 45+ college credits in year 1	Number and % of fall cohort students who earned 24 or more college-level (i.e., non-developmental) credits (with grade A-C or P) in first full academic year
Attempted 45+ credits (any level) in the first year	Number and % of fall cohort students who attempted 30 or more credits at any level (including developmental) in first full academic year
Completed college math in year 1	Number and % of fall cohort students who attempted and passed at least one college level (i.e., non-developmental) math course (with grade A-C or P) in the first full academic year. Withdrawals should be counted as attempting but not passing the course.

Completed college english in year 1	Number and % of fall cohort students who attempted and passed at least one college level (i.e., non-developmental) English course (with grade A-C or P) in the first full academic year. Withdrawals should be counted as attempting but not passing the course.
Completed college english and math in year 1	Number and % of fall cohort students who attempted and passed at least one college level (i.e., non-developmental) course (with grade A-C or P) in both math <u>and</u> English in the first full academic year. Withdrawals should be counted as attempting but not passing the course.
Persisted from term 1 to term 2	Number and % of fall cohort students who enrolled in at least one credit-bearing course (including remedial) in term 2 (spring term)
Completed college credits	Number of college-level (i.e., non-remedial) credits completed (with grade A-C or P) by fall cohort students in their first full academic year divided by the total number of college-level credits attempted by students in the fall cohort within their first full academic year

Demographics	Definition
Placement unknown	Number of fall cohort students for which referral into developmental education is unknown or unavailable
College-ready	Number of fall cohort students who were referred to no developmental education
Referred to dev ed in 1 subject	Number of fall cohort students who were referred to developmental education in only 1 subject area (Math, writing, or reading)
Referred to dev ed in 2 subjects	Number of fall cohort students who were referred to developmental education in 2 subject areas (Math, writing, or reading)
Referred to dev ed in 3 subjects	Number of fall cohort students who were referred to developmental education in 3 subject areas (Math, writing, and reading)
Females	Number of fall cohort students who were female
Traditional college age	Number of fall cohort students who were 19 years of age or younger in their first term at the college
Full-time	Number of fall cohort students who were full-time (enrolled in at least 12 semester credit hours) in the first term
